Aloe Barbadensis	85507-69-3	na	<0.1%
Sodium Citrate	6132-04-3	200-711-8	<0.1%
Citric Acid	77-92-9	201-069-1	<0.1%
Tetrasodium Glutamate Diacetate	51981-21-6	257-573-7	<0.1%
Phenoxyethanol	122-99-6	204-589-7	<1%
Benzoic Acid	65-85-0	200-618-2	<1%
Dehydroacetic Acid	520-45-6	208-293-9	<1%
Sodium Hydroxide	1310-73-2	215-185-5	<0.1%
Sodium benzoate	532-32-1	208-534-8	<1%

All ingredients are legally permitted as per EU Directive 76/768/EEC and its amendments.

## **Section 4 – First Aid Measures**

Product is formulated to be used in contact with skin and is therefore extremely unlikely to cause irritation or allergy. However, as is usual with products of this type, contact with the eyes should be avoided as slight irritation may occur.

If contact does occur wash out eyes thoroughly with water.

If any irritation persists, seek medical advice.

## **Section 5 – Fire Fighting Measures (for bulk quantity)**

Fumes containing carbon dioxide and carbon monoxide may be given off in large fires if product water is driven off.

To extinguish fire, use powder, foam, sand or water spray.

## **Section 6 – Accidental Release Measures (for bulk quantity)**

Contain spillage in suitable container(s) for examination and possible return to stock if packaging remains unbroken

If disposal is required, adhere to local/national regulations/guidelines

## **Section 7 – Handling and Storage (for bulk quantity)**

No specific handling conditions are suggested for the packed wipes other than those applied as best practice or specified by local working regulations.

Store, preferably, avoiding extremes of temperature

## **Section 8 – Exposure Controls / Personal Protection (for bulk quantity)**

No special personal protective equipment should be required other than those applied as best practice or specified by local working regulations.

## **Section 9 – Physical and Chemical Properties**

**Appearance:** White non-woven applicator impregnated with liquid.

**Odour:** Characteristic (fragrance free)

### **Properties of the liquid:**

**pH:** 5.2 – 5.8

**Relative density:** ca 0.99 (@20 °C)

**Water solubility:** miscible

## **Section 10 – Stability and Reactivity**

Product is stable under normal storage and use conditions.

## **Section 11 – Toxicological Information**

The product was formulated using well known ingredients and is unlikely to cause irritation or allergy if used as directed.

## **Section 12 – Ecological Information**

Based on the ingredients, this product is not expected to be problematic to aquatic organisms or environment.

## **Section 13 – Disposal Considerations**

Dispose of according to local/national waste regulations

## **Section 14 – Transport Information (for bulk quantity)**

This product is unclassified for road, sea or air transport under ADR, IMDG or IATA regulations respectively.

## **Section 15 – Regulatory Information**

All ingredients are legally permitted under EU Directive 76/768/EEC and amendments

## **Section 16 – Other Information**
